BATTERY OPERATION

- 1. The batteries are pre-installed in the battery compartment at the factory. To activate the batteries, pull the battery spacer out as shown.
- 2. The battery life is about 8 hours of continuous playing.

POWER SOURCE (CONTINUED)

BATTERY PRECAUTIONS

- 1. Use only the size and type of batteries
- 2. Be sure to follow the correct polarity, reversed batteries may cause damage to the device.
- 3. If the device is not to be used for a
- long period of time, remove the batteries to prevent damage or injury from possible battery leakage. 4. Do not mix different types of batteries

together (e.g. Alkaline and Carbon-

zinc) or old batteries with new ones

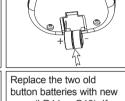

BATTERY REPLACEMENT

Remove the belt clip by pulling it out of the slots while pressing both sides of the belt clip.

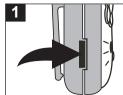

Open the battery compartment cover by pushing the tab of the cover using a small screwdriver tip.

ones (LR44 or G13). If the batteries are inserted incorrectly, the unit will not operate. Close the battery compartment cover firmly and reinstall the belt clip.

OPERATION

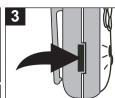

LISTENING TO THE FM RADIO

Plug the earbuds into the Earphone jack, then insert the earbuds into your ears. Rotate the VOLUME/POWER control to turn the power on.

Press the TUNE/SCAN button repeatedly to tune in a station. To scan the stations, press and hold TUNE/SCAN Up button until a 'beep' sound is heard. The tuner will scan up the FM band until it finds a strong station and then stop. Repeat until the tuner stops on your desired FM station.

Rotate the VOLUME/ POWER control to adjust the volume. Rotate the VOLUME/ POWER control to the OFF position to turn the unit off.

FM ANTENNA:

The FM antenna is built into the earbud cord, extend for best reception.

OPERATION (CONTINUED)

MEMORY PRESETS

Up to four memory presets can be stored. Press the TUNE/SCAN Up button to select a desired station.

Press and hold the Memory button until a beep is heard and the station will be memorized. To store the next preset, press the Memory button again and repeat steps 1 and 2 (up to four presets).

To listen to a memory preset, press the Memory button repeatedly until the desired memory preset is selected.

To preserve the battery life, be sure to rotate the VOLUME/POWER control to the OFF position.

CLEANING: If your mini radio becomes dirty, wipe it with a soft cloth. Do not use thinner, benzine or similar chemicals as this will damage the unit.
