Universal Docking Station with RF

Wireless Speakers for iPod

USER MANUAL
JiSS-585
(iPod® Not Included)

PLEASE READ THIS USER MANUAL COMPLETELY BEFORE OPERATING THIS UNIT AND RETAIN THIS BOOKLET FOR FUTURE REFERENCE.
DEAR JENSEN® CUSTOMER

Selecting fine audio equipment such as the unit you've just purchased is only the start of your musical enjoyment. Now it's time to consider how you can maximize the fun and excitement your equipment offers. This manufacturer and the Electronic Industries Association's Consumer Electronics Group want you to get the most out of your equipment by playing it at a safe level. One that lets the sound come through loud and clear without annoying blaring or distortion and, most importantly, without affecting your sensitive hearing. Sound can be deceiving. Over time your hearing "comfort level" adapts to higher volumes of sound. So what sounds "normal" can actually be loud and harmful to your hearing. Guard against this by setting your equipment at a safe level BEFORE your hearing adapts.

To establish a safe level:
 - Start your volume control at a low setting.
 - Slowly increase the sound until you can hear it comfortably and clearly and without distortion.

Once you have established a comfortable sound level:
 - Set the dial and leave it there.
Taking a minute to do this now will help to prevent hearing damage or loss in the future. After all, we want you listening for a lifetime.

We Want You Listening For a Lifetime
Used wisely, your new sound equipment will provide a lifetime of fun and enjoyment. Since hearing damage from loud noise is often undetectable until it is too late, this manufacturer and the Electronic Industries Association's Consumer Electronics Group recommend you avoid prolonged exposure to excessive noise.

Customer's Record:
The serial number of this product is found on the unit. You should note the serial number of this unit in the space provided as a permanent record of your purchase to aid in identification in the event of theft or loss.

Model Number: JiSS-585 Serial Number: ________________
WARNING

- Do not throw the product into fire to avoid danger of explosion.
- Do not immerse into water or get soaked since the battery charging function will be lost.
- Place the product far away from heat sources, and protect the product from direct sunlight.
- Do not use the product where electric appliances are prohibited.
- Protect the product from violent impact and vibrations.
- No compensation responsibility for malfunctions caused by improper use.
- Do not attempt to disassemble or alter any part of the unit that is not expressly described in this guide. Internal inspections, alternations and repairs should be conducted by qualified service personnel.

IMPORTANT SAFETY INSTRUCTIONS

When used in the directed manner, this unit has been designed and manufactured to ensure your personal safety. However, improper use can result in potential electrical shock or fire hazards. Please read all safety and operating instructions carefully before installation and use, and keep these instructions handy for future reference. Take special note of all warnings listed in these instructions and on the unit.

1. Water and Moisture
   - The unit should not be used near water. For example: near a bathtub, washbowl, kitchen sink, laundry tub, swimming pool or in a set basement.

2. Ventilation
   - This unit should be situated so that its location or position does not interfere with its proper ventilation. For example, it should not be situated on a bed, sofa, rug or similar surface that may block the ventilation openings. Also, it should not be placed in a built-in installation, such as a bookcase or cabinet, which may impede the flow of air through the ventilation openings.

3. Heat
   - The unit should be situated away from heat sources such as radiators, heat registers, stoves or other appliances (including amplifiers) that produce heat.

4. Power Source
   - The unit should be connected to a power supply only of the type described in the operating instructions or as marked on the appliance.

5. Power Cord Protection
   - Power supply cords should be routed so that they are not likely to be walked on or pinched by items placed upon or against them. It is always best to have a clear area from where the cord exits the unit to where it is plugged into a DC outlet.
6. **Cleaning**
The unit should be cleaned properly with care.

7. **Objects and Liquid Entry**
Care should be taken so that objects do not fall and liquids are not spilled into any opening or vents located on the product.

8. **Attachments**
Do not use attachment not recommended by the product manufacturer.

9. **Lightning and Power Surge Protection**
Unplug the unit from the wall outlet and disconnect the periods of time. This will prevent damage to the product due to lightning and power-line surges.

10. **Overloading**
Do not overload wall outlets, extension cords, or integral convenience receptacles as this can result in a risk of fire of electrical shock.

11. **Damage Requiring Service**
This unit should be serviced by qualified service personnel when:
   A. The power supply cord or plug has been damaged.
   B. Objects have fallen into or fluid has been spilled into the enclosure.
   C. The unit has been exposed to rain.
   D. The unit has been dropped or the enclosure damaged.
   E. The unit exhibits a marked change in performance or does not operate normally.

12. **Periods of Nonuse**
If the unit is to be left unused for an extended period of time, such as a month or longer, the power cord should be unplugged from the unit to prevent damage or corrosion.

13. **Servicing**
The user should not attempt to service the unit beyond those methods described in the user's operating instructions. Service methods not covered in the operating instruction should be referred to qualified service personnel.

### COMPLIANCE WITH FCC REGULATIONS

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesired operation.

**NOTE:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this
equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

CAUTION: Changes or modifications not expressly approved by the party responsible for compliance could void the user’s authority to operate the equipment.

POWER SOURCES

1. Power of Main Base
   The main base is operated by AC power.
   AC adaptor
   Input: 120V ~ 60Hz
   Output: 9V === 1500mA

Power installation: Insert the AC adaptor plug into DC Jack at the rear side of base.

2. Power of Individual Speaker
   Each speaker has 1 built-in rechargeable lithium battery for independent playback. Before the first use, we recommend to charge each speaker for 4 hours. When speaker is placed on the powered base(Power ON/OFF switch turns to blue), charging will start automatically. The charging LED indicator is in red color during charging, and will turn green afterwards.

3. Power of Remote Control
   To use the remote control, please ensure the remote control battery CR2025 (included) is installed properly. Replace the remote control battery when it stops working. It is highly recommended to use a good quality button cell.

Note: Room lighting and battery life can affect the operating range of remote control.
ACCESSORIES

Please see below items are included in the package:

1. AC Adaptor
2. AUX in Cord (3.5mm)
3. Remote Control (include button cell CR2025)
4. User Manuals (English and Spanish)
5. Warranty Card

LOCATION OF CONTROL

1. Base (Top View)

A1. VOL-
A2. POWER ON/OFF
A3. VOL+

2. Base (Rear View)

B1. AUX in jack
B2. DC power jack (9.0V --- 1.5A)
B3. CH1, CH2, CH3 (For wireless channel switch)
3. Speaker Unit

C1. POWER ON/OFF and VOL/+  
C2. Charging pins  
C3. Charging LED indicator

4. Remote Control

- Power on/off  
- Mute  
- Menu up  
- Menu down  
- Skip backward  
- Skip forward  
- Play/pause  
- Go to the menu  
- Enter  
- Increase volume  
- Decrease volume

GENERAL OPERATION

1. Select a proper docking adaptor (enclosed when purchase an iPod) and place it into the base, then dock your iPod gently.
2. Plug the AC adaptor plug into DC power Jack at the rear side of base.

3. Press the power button on the base or remote control to turn the unit on. Switch on the speakers to play your iPod. Choose the best channel through the “Channel” button at the rear of the base until the speakers receive the right signal.

4. Press ‘Vol+’ or ‘Vol-’ to choose a proper volume level, then you should now be able to take the speakers freely from room to room without disruption (Subject to its surroundings, approximately 100 feet in the open area without any interference).

5. If using iPod shuffle or other audio source with 3.5 mm headphone output jack, connect it to the AUX line in jack on the rear of base. (AUX in will not work when an iPod is docked)

6. Press the power button on the base or remote control to turn off the unit.

TROUBLESHOOTING GUIDE

Should you experience difficulties in the use of this player, please refer to the following chart or call 1-800-777-5331 for Customer Service.
